Application

You have access to software and over 1000 documents in more than 20 languages thanks to the DOCUTHEK document library. You can load the documents and software on to your computer.

As a guest you have direct access to product brochures, product ranges and technical brochures and operating instructions.

As a registered user you can use all the functions of the DOCUTHEK. You have extended access to CAD data, certificates, burner diagrams, animations and other document types. You also have the opportunity to be informed of new and amended documents by e-mail every month.

Use of DOCUTHEK is free of charge. The available software and documents are checked for viruses.

You can search for documents and types of document in the language you require using the search function.

DOCUTHEK can be started using your Internet browser.

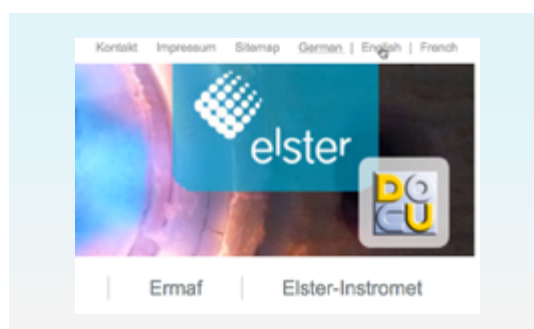

DOCUTHEK is also available as an offline version on DVD. You do not need to install any software on your computer. Documents and software can be selected and saved directly on any PC.

Detailed instructions for use of DOCUTHEK using online help.

You can receive information about new and amended documents by e-mail on request.

Choice of languages – German, English or French.

Example applications

In the office:

Use DOCUTHEK online directly from your workplace computer with Internet access.

Use DOCUTHEK offline with the DVD.

Download technical information, product brochures, operating instructions, burner diagrams and software for the planning and commissioning of systems.

On site

Current PC software, e.g. BCSOFT for the parameterisation of burner control units and actuators, can be downloaded for on-site systems.

Certificates for the acceptance of systems can be downloaded and printed out on a conventional printer.

Mobile and independent

Thanks to the offline version, individual documents for quotations and planning can be selected directly from the DVD and presented to the customer.
