identification numbers is given in the appendices to this
certificate.

Apeldoorn, **31 December 1995**

dr. L. Noordzij,
president.

EC TYPE-EXAMINATION CERTIFICATE: E 001/02/3

Appendix no.: 1
Dated: 18-07-2002
P.I.N.: 0063AQ001/02
Examination reports:
119454 dated Dec. 1995
121270 dated Jan. 2002
121463 dated July 2002

This appendix replaces appendix 1 dated 22-01-2002

VAN

Magnetic relief valve approved on EN161 Class C
Degree of protection : IP 54
Ambient temperature range : -20 to +60 °C.
Mechanical strength : group 2

TYPE NUMBER SURVEY:

VAN 15Y40/32	Connection size 15, 20, 25 and 40/32.
R	screw connections acc. ISO 7-1
02	Max. inlet pressure 200 mbar
10	Max. inlet pressure 1000 mbar
N	Without damping device
T	220/240 V - 50/60 Hz
M	110 V - 50/60 Hz
K	24 VDC
Q	120 V - 50/60 Hz
3	Terminal box with terminals IP 54
6	Terminal box with IP 54 DIN-plug in acc. DIN 43650 (ISO4400)
6L	Terminal box with IP 54 DIN-plug in acc. DIN 43650 (ISO4400) with signal lamp
1	Screw at the inlet
	S With position indicator
gold-plated contacts	G With position indicator with
	M Free of non-ferrous metal
	CPS Close position switch
	Z Customer specified control
