1985 DOUGLAS DR N

GOLDEN VALLEY, MN 55422-3935 USA

Class I, Groups C and D; Class II, Groups E, F and G.

Combustion detector, Types C7012C, C7012F, C7024F, C7961F, C7061F2001, C7076D1027. These detectors are alternatives to the manufacturer's Types C7012A, C7012E, C7024E, C7061A, C7076 respectively, referred to in the Gas and Oil Equipment List under Controls, Primary Safety, and are intended for use where combustible gases may be ignited by non-explosion-proof equipment.

Last Updated on 2005-09-15

The appearance of a company's name or product in this database does not in itself assure that products so identified have been manufactured under UL's Follow-Up Service. Only those products bearing the UL Mark should be considered to be Certified and covered under UL's Follow-Up Service. Always look for the Mark on the product.

UL permits the reproduction of the material contained in the Online Certification Directory subject to the following conditions: 1. The Guide Information, Assemblies, Constructions, Designs, Systems, and/or Certifications (files) must be presented in their entirety and in a non-misleading manner, without any manipulation of the data (or drawings). 2. The statement "Reprinted from the Online Certifications Directory with permission from UL" must appear adjacent to the extracted material. In addition, the reprinted material must include a copyright notice in the following format: "© 2020 UL LLC"
