Third Party Licences <DOCUTHEK> <LOGISCHER NAME>

Third Party Licenses including Open Source Software

Honeywell products use software provided by third parties, including open source software. The following copyright statements and licenses apply to various components that are distributed with various Honeywell products. The Honeywell product that includes this file does not necessarily use all, or any, of the third-party software components referred to below. Licensee must fully agree and comply with these license terms or must not use these components. The third-party license terms apply only to the respective software to which the license pertains, and the third party license terms do not apply to the Honeywell software. The Honeywell software is licensed under the Honeywell End User License Agreement, which may be found in the file Honeywell_License.rtf. If required, copies of the GPL, LGPL, and other licenses are at the end of this file in the APPENDIX.

Any source code that is required to be made available pursuant to its license may be found with the materials accompanying the software package or at http://www.honeywell.com/ps/thirdpartylicenses, or if the source code is not available at either location, then the applicable source code may be obtained by sending a money order or check payable to Honeywell International Inc. in the amount of US$19.99 (to cover shipping and handling) to: Honeywell International Inc., Honeywell Process Solutions, 1860 W. Rose Garden Lane, Phoenix, AZ 85027, Attn: Legal Department – Open Source. Please write "Open Source Code" and identify the Honeywell product in the memo line of your payment. The offer to obtain a copy of source code that is required to be made available pursuant to its license is valid for the shortest period of time, if any, specified by the applicable license.
